

University : University of Babylon
Country : Iraq
Web Address : <https://www.uobabylon.edu.iq/>; <https://en.uobabylon.edu.iq/>

The total number of vehicles (cars and motorcycles) divided by total campus population.

Buses parked near the specified gate for Exit

Mini buses for transferring staff daily into round trips

Large buses for transferring staff daily into round trips

Shuttle service is available, regular and free (University of Babylon, Iraq)

Description:

The total number of vehicles (cars and motorcycles) divided by total campus population.

Formula: $(5.1+5.2+5.3)/(1.12+1.14)$

The total number of campus vehicles = 284

The total number of postgraduate students + undergraduate students = 24299

The total number of academic teaching staff and administrative staff = 4949

Then The total number of population = 29248

The average number of cars entered the campus = 900 cars

The average number of motorcycle = 0

The required formula:

$$248 + 900 + 0 / 24299 + 4949 = 0.039$$
