Zero Emission Vehicles (ZEV) policy on campus

Description:

Zero Emission Vehicles (ZEV) policy on campus. University Senate agreed on the following :

- 1- Purchasing ZEV vehicles to be used as free shuttles inside the campus due to the large distances marched by the all campus populations.
- 2- Specifying a station for lending bicycles for all population inside the campus parked at a place near the buildings or study halls.

Both above acts are implemented this year in different sites of the universities coping with environment protection from gas emission vehicles inside campus.
